Continued Public Hearing

Next order of business: Revised Site Plan for a ground-mounted solar project in the Rowtier Drive industrial park, on behalf of applicant TES Rowtier Drive Solar 23 LLC.

The Town Planner noted if the applicant waits until the spring to complete the project, no bond will be required. C. King confirmed that is their plan.

C. King presented his responses to Tetra-Tech's comment letter dated October 30, 2020.

- #1 Stabilization, erosion controls - the applicant will address this in the spring.
- #2 Detention basin - to be addressed in the spring.
- #4 Clean basin and stabilize the slopes - will do this once more this winter and 2-3 more times depending on the weather. NOTE: Tetra-Tech will make a site visit in the spring.
- #5 Repair linear erosion controls - this has been done and will continue intermittently throughout the duration of the permit.
- #6 Swales - check dams are to be added this winter.
- #7 This was in error - no additional response required.
- #8 SWPPP - applicant is in compliance.
- #9 SWPPP - applicant exceeds the requirement with the check dams.
- #10 Analysis - this will be addressed in the spring.

The Town Planner noted the Conservation Commission visits the site after every storm. M. Smith asked if #5, erosion controls had been completed. C. King stated yes.

C. King presented his responses to the Planning Board's comment letter dated November 5, 2020.

- DPW had a concern with the grading and the location of the water-main. It will match the existing 2:1 grade.
- Conservation had a concern regarding vegetation - more vegetation will be added.

The Town Planner asked if they had resolved the lack of access to the rear of the property for the Fire Department. C. King stated that will be addressed.

Public Comment

G. Hines expressed his concern with the remaining work that needs to be done to the road. The Town Planner stated A. Belanger had posted a bond and ensured them the work would be done. The Town Planner noted after the solar work is done, Tetra-Tech will recalculate the bond and at that time the Board will request a timeline for completion from A. Belanger.

D. Bartkus made a motion to continue the public hearing to 7 pm January 12, 2021, M. Smith seconded, all in favor, motion carried (4-0).
