Where you get care can impact what you pay for care.

This health plan includes a tiered provider network called HMO Blue New England Options v.5. Members in this plan pay different levels of cost share (copayments, coinsurance, and/or deductibles) depending on the benefits tier of the provider furnishing the services. A provider's benefits tier may change. Overall changes to the benefits tiers of providers will happen no more than once each calendar year. For help in finding the benefits tier of a provider, visit the online provider search tool at bluecrossma.com/findadoctor and search for HMO Blue New England Options v.5.

This health plan meets Minimum Creditable Coverage Standards for Massachusetts residents that went into effect January 1, 2014, as part of the Massachusetts Health Care Reform Law.

YOUR CARE

Within the HMO Blue New England Options v.5 network, hospitals and groups of primary care providers (PCPs) are ranked into three benefits tiers based on cost and nationally accepted quality performance criteria selected by Blue Cross Blue Shield of Massachusetts.

Where you receive care will determine your out-of-pocket costs for most services under the plan. By choosing Enhanced Benefits Tier providers each time you get hospital or PCP care, you can generally lower your out-of-pocket costs.

- **Enhanced Benefits Tier**—Includes Massachusetts hospitals and PCPs that meet the standards for quality and low cost relative to our benchmark. You pay the lowest out-of-pocket costs when you choose providers in the Enhanced Benefits Tier.
- **Standard Benefits Tier**—Includes Massachusetts hospitals and PCPs that meet the standards for quality and are moderate cost relative to our benchmark. This benefit tier includes hospitals that do not meet the standards for quality but are low or moderate cost relative to our benchmark. You pay mid-level out-of-pocket costs when you choose providers in the Standard Benefits Tier. Also includes providers without sufficient data for measurement on one or both benchmarks. To ensure members have provider access in certain geographic areas, the Standard Benefits Tier includes some providers whose scores would otherwise put them in the Basic Benefits Tier.
- **Basic Benefits Tier**—Includes Massachusetts hospitals that are high cost relative to our benchmark. Also includes primary care providers in Massachusetts who do not meet the standards for quality and/or are high cost relative to our benchmark. You pay the highest out-of-pocket costs when you choose providers in the Basic Benefits Tier.

Note: Primary care providers were measured based on their HMO patients as part of their provider group, and hospitals were measured based on their individual facility performance. Provider groups can be composed of an individual provider, or a number of providers who practice together. Tier placement is based on cost and quality benchmarks where measurable data is available. Providers without sufficient data for either cost or quality are placed in the Standard Benefits Tier. Providers that do not meet benchmarks for one or both of the domains and hospitals that use nonstandard reimbursement are placed in the Basic Benefits Tier.

It is important to consider the tier of both your primary care provider and the facility where your provider has admitting privileges before you choose a PCP or receive care. For example, if you require hospital care and your Enhanced Benefits Tier PCP refers you to an Enhanced Benefits Tier hospital, you would pay the lowest cost sharing for both your PCP and hospital services. Or, if your Enhanced Benefits Tier PCP refers you to a Basic Benefits Tier hospital for care, you will pay the lowest copayments for PCP services, but the highest copayments for hospital services, except in an emergency.

Copayments Outside of Massachusetts and New Hampshire

For network providers outside of Massachusetts and New Hampshire, a network provider who is listed as a general practitioner, internist, family practitioner, pediatrician, obstetrician/gynecologist, nurse practitioner, rural health center, or general hospital is considered an Enhanced Benefits Tier provider. In New Hampshire, a Tier 1 provider equates to an Enhanced Tier Benefits provider and a Tier 2 provider equates to a Standard Tier Benefits provider. Other providers in our New England network carry the higher, specialist copayment.

Your Primary Care Provider (PCP)

When you enroll in this health plan, you must choose a primary care provider. Be sure to choose a PCP who can accept you and your family members and who participates in the network of providers in New England. For children, you may choose a participating network pediatrician as the PCP.

For a list of participating PCPs or OB/GYN physicians, visit the Blue Cross Blue Shield of Massachusetts website at bluecrossma.org; consult Find a Doctor at bluecrossma.com/findadoctor; or call the Member Service number on your ID card.

If you have trouble choosing a doctor, Member Service can help. They can give you the doctor's gender, the medical school the doctor attended, and whether there are languages other than English spoken in the office.

Referrals You Can Feel Better About

Your PCP is the first person you call when you need routine or sick care. If your PCP decides that you need to see a specialist for covered services, your PCP will refer you to an appropriate network specialist, who is likely affiliated with your PCP's hospital or medical group.

You will not need prior authorization or referral to see an HMO Blue New England network provider who specializes in OB/GYN physician services. Your providers may also work with Blue Cross Blue Shield of Massachusetts regarding referrals and Utilization Review Requirements, including Pre-Admission Review, Concurrent Review and Discharge Planning, Prior Approval for Certain Outpatient Services, and Individual Case Management. For detailed information about Utilization Review, see your subscriber certificate.

Your Deductible

Your deductible is the amount of money you pay out-of-pocket each plan year before you can receive coverage for general hospital services under this plan. If you are not sure when your plan year begins, contact Blue Cross Blue Shield of Massachusetts. Your deductibles are:

Enhanced Tier: None

Standard and Basic Tiers: \$500 per member (or \$1,000 per family)

Your Out-of-Pocket Maximum

Your out-of-pocket maximum is the most that you could pay during a plan year for deductible, copayments, and coinsurance for covered services. Your out-of-pocket maximum for medical and prescription drug benefits is **\$2,500 per member (or \$5,000 per family)** for all tiers combined.

Emergency Room Services

In an emergency, such as a suspected heart attack, stroke, or poisoning, you should go directly to the nearest medical facility or call **911** (or the local emergency phone number). You pay a copayment per visit for emergency room services. This copayment is waived if you are admitted to the hospital or for an observation stay. See the chart for your cost share. Additionally, because you may not have a choice during an emergency, if you are admitted for an inpatient stay from the emergency room, you will be responsible for an Enhanced Benefits Tier copayment regardless of the tier of the hospital. Any follow-up care must be arranged by your PCP.

Telehealth Services

Telehealth services are covered when the same in-person service would be covered by the health plan and the use of telehealth is appropriate. Your health care provider will work with you to determine if a telehealth visit is medically appropriate for your health care needs or if an in-person visit is required. For a list of telehealth providers, visit the Blue Cross Blue Shield of Massachusetts website at bluecrossma.org, consult Find a Doctor, or call the Member Service number on your ID card.

Your Virtual Care Team

Your health plan includes an option for a tech-enabled primary care delivery model where virtual care team covered providers furnish certain covered services. See your subscriber certificate (and riders, if any) for exact coverage details.

Service Area

The plan's service area includes all cities and towns in the Commonwealth of Massachusetts, State of Rhode Island, State of Vermont, State of Connecticut, State of New Hampshire, and State of Maine.

When Outside the Service Area

If you're traveling outside the service area and you need urgent or emergency care, you should go to the nearest appropriate health care facility. You are covered for the urgent or emergency care visit and one follow-up visit while outside the service area. Any additional follow-up care must be arranged by your PCP. See your subscriber certificate for more information.

Dependent Benefits

This plan covers dependents until the end of the calendar month in which they turn age 26, regardless of their financial dependency, student status, or employment status. See your subscriber certificate (and riders, if any) for exact coverage details.
