I. Purpose and Scope

The Board of Health (BOH) Regulations for Lodgings is intended to make the operation of short-term rentals, hotels, motels, and bed & breakfast's habitable and safe for Town of Westminster residents and other potential occupants by means of permitting, licensing, and inspecting in order to protect the health and safety of occupants and residents. Licenses are required for three main purposes: To identify the business; to make sure it is accountable for its actions, and to protect the public health and safety. This regulation also ensures that lodgings in Westminster will not create a public nuisance or have injurious impact to the natural and physical environment of the surrounding residential neighborhood.

These regulations are adopted and enforced by the Westminster Board of Health and its Agents.
